

Game Day Checklist

To give you the best experience on game day, here are things that you'll need to bring.

Mandatory

Each team must have:

- ☐ 1. **A smart phone or tablet with internet access.** During the game there are several times when you will need to access a web site. Having 3G or 4G internet access straight from your device is required. If you do not have access from your device, you can also use a mobile internet dongle and connect your device to that (a mobile internet dongle can be hired for the day for a fee).
 - ☐ 2. **A car for travel.** The game day will involve travel between different locations. There are approximately 5 separate locations that you must travel through during the day. A car is required as not all locations have easy access to public transport.
 - ☐ 3. **Boot space for your game pack.** Each team will be given a medium sized suitcase with everything you need for your game day (clues, equipment, etc.) Although you will not need to carry this around with you all day, it will need to be accessible. You will need space in your boot to store this until the end of the day.
- 
- ☐ 4. **All players have signed the Waiver** available at <https://decyphergames.com.au/Legal> and returned a scanned copy or photo of signed document BEFORE the game day.
 - ☐ 5. **Gold coins for parking.** Two locations during this event have paid parking available. You will need gold coins to feed the meter (\$6 at one location, \$9 at the other).

Recommended

It is recommended that each team have:

- ☐ 1. **Comfortable and safe footwear.** You will be walking around for parts of the day and will be undertaking some physical activities. It is important that you wear comfortable footwear that enables you to move around safely.
- ☐ 2. **Appropriate clothing.** There will be parts of the day where you will be doing activities outdoors in the hot sun and there will be parts of the day where you will be indoors with air conditioning. It is recommended that you dress comfortably, appropriately, and safely but also bring clothes in case you get cold or hot (i.e. jumpers, shorts, etc.)
- ☐ 3. **Sunblock, bug repellent.** Slip, Slop, Slap... and keep the flies away.

4. **A pack lunch.** There is a 25 minute lunch break scheduled at approximately 12:10. There will be bathrooms and food outlets available nearby. You may prefer to bring your own pack lunch so you can have some food whenever you feel like rather than have to go and find somewhere to buy food.
